

AUDA StreetScape Update

August 5, 2009

CONSTRUCTION PROJECT UPDATE

From August 5–12th, please anticipate a temporary detour to facilitate trenching for storm drain, waterline and sewer man hole replacement. High Street will be closed to southbound through traffic south of Linden Avenue from 6:30 am–4 pm over the next few weeks. Traffic will be detoured along Lincoln Way via Oakwood Dr to High St. On August 10th, Cook Engineering will begin concrete work for handicap ramps and sidewalks on High St in front of the businesses between Lewis St and Linden Ave.

The construction work will remain in front of Wells Fargo Bank and in front of the businesses between Lewis Street and Linden Avenue.

The construction remains on schedule and the City has authorized Cook Engineering to implement 10 hour work days and Saturday work to accelerate the construction schedule.

Linden Avenue is open to traffic and will only have periodic closures expected for concrete work. Lewis St remains closed to through traffic.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's Bus Station, near Depoe Bay and near E. Placer St.

More information on the Streetscape Phase 1 Project can be found online at:
